## TECHNOLOGY LEGEND

### Dust and Water Protection

IP64 rating for protection against dust ingress and water spray from any direction.

### Microphone Steerable array

The focus stays on voice, not background noise, with the multi-microphone steerable array for echo and noise reduction.

### Programmable function button

A programmable button that can be configured (via software) for one of several different functions including last smartphone number redial, play/pause media streaming from smartphone, system status check, delete Bluetooth pairings etc.

### Wireless Daisy-Chain

Wirelessly connect two units together for larger meeting rooms (when connecting to devices via Bluetooth).
